Two versions of Toinito and Wonder Woman are included for your pleasure; one version with “official” art, and one version with thematic art. Use whichever one you prefer, but do not include both versions in the game. Who is Toinito? Just the online alias of Antoine Bauza himself.

Shenron is from the Dragonball Series by Akira Toriyama, of whom both Shima and Bauza are big fans. It is played like an Egyptian card, at any time during the age. What does it do? That’s for you to decide. Be sure to post your suggestions on Board Game Geek!
